
Education

University of Washington
Visual Communication Design
BFA / Summer 2008

The program emphasized purpose driven visual solutions in contemporary culture, focusing on the objectives of design: innovative ideas that inform, interpret, and persuade or instruct the user. The VCD program has become widely successful, evidenced through its national ranking, the numerous student design awards, publications, and design journals featuring the program.

Designer / Summer 2008 - Present

Freelance graphic design work combined with extensive focus on client relations. Notable clients include: Sarah Rhoads Photographers, The Monument of Our Hearts Clothing, and Vir2 Instruments.

Designer / Summer 2007 - December 2007

Collaborated with designers to work on ongoing design projects with adherence to strict deadlines, participating in critiques, brainstorming, and internal and client meetings. Designed and worked on client identities, print collateral, and web-based interactive projects. Clients include: CPApartner, Dartmoor School, and Twist Wine Bar.

Greensman / Summer 2006

Maintained the condition and up-keep of the course through highly collaborative work. Tasks included: hand watering fairways, working with heavy machinery and equipment, cutting and placing pins, and general maintenance.

Lot Attendant / Summer 2005

Commuted roughly an hour to and from work, and provided quick and efficient customer service. Tasks included: washing customer's vehicles, detailing new and used vehicles, detailing new school busses, and delivering auto parts within the Eugene to Portland diameter.

Bagboy and Checker / Summer 2004

Provided customer service to shoppers. Tasks included: bagging customer's groceries, working the cash register, restocking items, cleaning, and emptying and sorting the bottle return bins.

Range Manager / Summer 2003

Split time between the pro shop and range. Tasks included: selling merchandise, food and range tokens, as well as picking the range and refilling the ball supply.

Technical Skills
